

YOUNG IN NEW SHIPPING POST

Washingtonian Named Chief
Clerk in South Atlantic
District of Board.

Francis H. Young, a well-known Washingtonian, leaves Washington this week with his family for Savannah, Ga., where he has been appointed chief clerk of the new South Atlantic district of the Shipping Board, the organization in which he has been actively engaged. Young has been in Savannah since early July helping organize the district and returned last week for his wife and two children.

This district, which covers the territory from and including Wilmington, N. C., to and including Tampa, Fla., will be one of the busiest of the Shipping Board. Young leaves a host of friends in Washington who will regret to learn of his departure, but who are glad to hear of his advancement.

CHINESE ASK CLOSING OF RUSSIAN LEGATION

(Washington Herald-Public Ledger Service, Special Far East Cable Dispatch.)

Peking, Sept. 18.—The foreign office formally announced that the Russian Minister, Prince Koudachev, has continued functioning and that the Russian legation and consulates in China, which are anomalous since they are not representing any existent Russian government, are embarrassing to China, particularly owing to the presence in Peking of accredited delegates of the de facto Siberian Russian government.

The foreign office intimates that it would be desirable if the Russian legation would cease functioning. Prince Koudachev has replied that the legation is considering such action and that it will likely be closed.

POLICEMAN WINS DIVORCE DECREE

It had enough to be kissing another man's wife, in his own home at 1 o'clock in the morning, but when, in addition, the interloper tells the husband he is "going to beat him up"—it is time to call a halt, in the opinion of Policeman John P. C. Nebb, of the Harbor precinct, who won a divorce from Florence, before Justice Gould yesterday.

Nebb testified the couple eloped to Philadelphia. He submitted affidavits.

Villages Co-Operating to Build Virginia Road

Lynchburg, Va., Sept. 18.—Authorities of Pennsylvania and Campbell counties are moving jointly to provide the funds for the completion of the highway between Danville and Lynchburg, the counties agreeing to get aside funds to pay interest on money needed to finance the road. The fund is being raised by the two counties later by the state highway commission.

Some of the route is already under construction, but unimproved stretches constitute the worst sections of roads to be found between Washington and Atlanta.

Rheumatism Left Him As If By Magic

Had Suffered
Over 50 Years!
Now 83 Years,
Yet A Big
Surprise
to Friends

Regains
Strength
Goes out
Fishing,
Back to
Business,
Laughs at
"URIC
ACID"

How the
"Inner
Mysteries"
Reveals Startling
Facts Overlooked
By Doctors and
Scientists For Centuries

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago," writes J. H. Ashelman. "Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, as if by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED.
Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief in the old, false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatments supposed to drive Uric Acid out of your blood and body. Many physicians and scientists now know that Uric Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe; and that without it we could not live! These statements may seem strange to some folks, who have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.

NOTE: If any reader of the "Herald" wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. P. Chatterton, No. 109-M Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice, fasten it to your letter, and mail it. If not a sufferer yourself, have this good news to some afflicted friend.
